

Call To Schedule A Tour Of Our Homes

Welcome to Berry Homes where our customers' dream homes have become a reality for over 10 years. Our experience has been crafted with tested systems to make the experience both enjoyable and rewarding. Our process is fun, organized and accurate.

Time and again, our customers have trusted us enough to refer others who are looking to build something truly special. We are an Energy Star Builder and have Green Professionals on our team. We strive every day to make the building experience understandable and efficient.

When you select a builder, consider this...

Energy Efficiency - As an Energy Star Builder, we build to national EPA energy standards and install Energy Star Certified Products. Every home is inspected and tested before it receives the Energy Star Certification.

Green Building - We help customers understand available building techniques and decide which to incorporate into their design.

One Stop Shopping - We are a full service company capable of assisting in financing, plan development, interior design, landscaping, home automation, swimming pools and many other details that surround the home building process.

Build on your lot...

We want to build your dream home.

The Berry Homes difference can be summarized in one word: You. Lonnie Berry has spent over a decade honing his craft by building custom and semi-custom homes in locations throughout the Rio Grande Valley. When you are ready to build the home you have been dreaming about in the place you want to live, he is just the person you will want to meet.

Every Berry home is built with scrupulous attention to quality and detail inside out. State-of-the-art floor plans are constantly being developed and redeveloped to keep up with the times. Berry Homes' communities offer something for every lifestyle. They appeal to a broad spectrum of homeowners, from first time buyers to retirees, from those of moderate income who want value coupled with elegance, to those who can afford truly luxurious living. Tradition of Excellence

Berry Homes

At Berry Homes, we believe that meeting and exceeding your expectations in all phases of the construction process is the true definition of quality. We live up to the Award-winning reputation including Best of Category for the 2004 and 2010 **RGVBA Parade of Homes**. Customer satisfaction is our measure of success and we have achieved that goal consistently throughout the years.

Our name is on every home we build, and we assure you that our focus on quality, design and customer satisfaction will continue for many more years. We will be there when you need us – before, during and after we build your home.

Value

Reputation for Quality

Communities
